FOR IMMEDIATE RELEASE

BermudAir to Launch Nonstop Flights from Bradley International Airport to Bermuda

Windsor Locks, CONN – Nov. 14, 2024 – The Connecticut Airport Authority (CAA) is pleased to announce that BermudAir, the flag carrier of Bermuda, will be starting nonstop service from Bradley International Airport (BDL) to Bermuda’s L.F. Wade International Airport (BDA). Flights will begin on April 3, 2025, and operate on Thursdays and Sundays.

BermudAir is an airline dedicated to providing comfort and exceptional service to passengers. The airline boasts business and economy classes onboard its fleet of Embraer 175 aircraft.

“We are thrilled that BermudAir has chosen Bradley International Airport as one of its airports,” said Kevin A. Dillon, A.A.E., Executive Director of the CAA. “This new route will provide convenient connectivity for leisure and business travelers who are looking to visit this popular destination and aligns with our commitment to offer access to more international routes.”

As an added layer of convenience, Bermuda’s airport provides border preclearance for passengers returning to the United States, which means they clear U.S. Customs and Border Protection in Bermuda before returning to BDL.

"We're excited to bring the warmth and island hospitality of Bermuda closer to travelers in Connecticut," said Adam Scott, CEO & Founder of BermudAir. "This new route between Bradley International and Bermuda not only opens doors for leisure and business connections but also offers our guests a seamless and enriching journey. We look forward to welcoming our passengers onboard and sharing Bermuda’s unique spirit with each flight."

About Bradley International Airport

Bradley International Airport (BDL) is New England’s second-largest airport. Recognized nationally by leading travel publications for its ease of travel, Bradley International Airport is ready to welcome you with new nonstops and expanded services. The award-winning airport is operated by the Connecticut Airport Authority, and its operations are entirely self-funded. The airport contributes nearly \$3.6 billion to the regional economy. For more info, visit www.bradleyairport.com.

About The Connecticut Airport Authority

The CAA was established in 2011 to develop, improve, and operate Bradley International Airport and the state's five general aviation airports (Danielson, Groton-New London, Hartford-Brainard, Waterbury-Oxford, and Windham). The CAA Board consists of 11 members with a broad spectrum of experience in aviation-related and other industries, as well as government. The goal of the CAA is to make Connecticut's airports more attractive to new airlines, bring in new routes, and support Connecticut's overall economic development and growth strategy.
